

Equipment Use and Return Agreement

Each year many players fail to return their issued football helmet which unfortunately increases league expenses. To reduce equipment losses and to maintain our low registration fees, all parents or guardians of tackle football players are required to sign the below agreement before being issued any equipment or game uniform. By registering here, I, the undersigned parent(s) or legal guardian(s), hereby guarantee the safekeeping and timely return or reimbursement of the replacement value of any and all equipment issued to my child by the Stewarts Creek Youth Football and Cheerleading Association. I will not modify or mark the equipment in any manner to make it unusable or undesirable for future participants. I have received a helmet in good condition. Equipment shall be returned as issued, excepting for normal wear and tear, clean and in good condition to Stewarts Creek Youth Football and Cheerleading Association.

The undersigned parent(s) or legal guardian(s) understand that failure to return any of the equipment issued, at the end of the season by the equipment return date that will be posted on the SCYFCA social media pages and website will result in the issuance of a MINIMUM fee of \$150.00 for the replacement cost of the leased football equipment. I understand that my failure to either return said equipment or reimburse SCYFCA for the missing equipment will preclude the player from participating in any future SCYFCA activities.

I authorize for the SCYFCA to charge any credit or debit card on file for the cost to equipment not returned. If SCYFCA cannot recover the minimum of \$150.00, legal actions may be taken against me and may be forwarded to a collection agency to recover either the leased football equipment or the replacement cost of the retail value of said equipment.
